Think we should discuss status at reg review. I'll take a look at the letters.

I just sent you all one drive links to draft letters notifying FL and the services of the designation as non-federal rep and the voluntary consultation. Tom McGill asked for comments by noon tomorrow from the staff team (it's been through a couple rounds already).

The next steps are a bit unclear, but last I heard Mary Walker wanted to sign these early next week because she's out starting 12/11. Tom was told to start routing these for signature tomorrow. It was my understanding that the letters would be sent after the principals meeting at CEQ so the timing of her signature may be too early if changes need to be made to the letter after those conversations. Tom was going to talk to Jeanneane about the timing issue.

Kathy told me today that she thinks FL has already started talking to the Services and sent over a species list
